

The screenshot shows the Eclipse IDE interface. At the top, the menu bar includes File, Edit, Source, Refactor, Navigate, Search, Project, Run, Window, and Help. Below the menu bar is a toolbar with various icons. The main workspace is divided into several panes. On the left, the Project Explorer pane shows a project named 'EasyExample' with a sub-project 'cci_EasyExample master'. A green callout box with a pointer to the 'cci_EasyExample master' item contains the text: 'die einzelnen Reiter mit **klick auf Pfeil „öffnen“**'. The right side of the IDE features the Outline and Build Targets panes. The Outline pane displays the message: 'There is no active editor that provides an outline.' The bottom of the IDE has a tabbed bar with Problems, Tasks, Console, and Properties. The Console tab is active and shows the message: 'No consoles to display at this time.'

Properties

No consoles to display at this time.

The screenshot shows the Eclipse IDE interface. The top toolbar includes a 'Run' button (a green play icon) and a dropdown menu showing 'on: esp32'. The Project Explorer on the left displays a project structure for 'EasyExample [cci_EasyExample master]'. The structure includes folders like 'Binaries', 'Archives', 'AppCanDriverEsp32', 'AppCommon', 'AppIso', 'build', 'Diagnostic', 'ISODesigner', and 'MyWorkspace1'. Under 'MyWorkspace1', there is a sub-folder 'MyProject1' containing 'MyWorkspace1.jvo' and 'MyWorkspace1.jvw'. A green callout bubble points to 'MyWorkspace1.jvw' with the text: 'mit Doppelklick auf die .jvw Datei öffnet der „Jetter ISO-Designer“'. The right side of the IDE shows the 'Outline' and 'Build Targets' views. The 'Outline' view displays the message: 'There is no active editor that provides an outline.' The bottom status bar shows 'Problems', 'Tasks', 'Console', and 'Properties' tabs, with the message: 'No consoles to display at this time.'
